To our Stockholders:

On behalf of the Board of Directors, we cordially invite you to attend the 2014 Annual Meeting of Stockholders of Orion Marine Group, Inc., which will be held on Thursday, May 22, 2014 at 10:00 a.m. Central Time. You will be able to attend the 2014 Annual Meeting, vote and submit your questions during the meeting via live webcast by visiting www.virtualshareholdermeeting.com/orn2014. You will need the 12-digit control number included in your proxy materials in order to be able to enter the Annual Meeting.

At the Annual Meeting, you will be voting on:

- (1) the re-election of one member to our Board of Directors, to serve a three-year term and until his successor is duly elected and qualified;
- (2) a non-binding advisory proposal to approve the compensation of our named executive officers as disclosed in the proxy statement (the "say-on-pay" vote);
- (3) the ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for 2014; and
- (4) any other business that may properly come before the Annual Meeting, or any reconvened meeting after an adjournment thereof.

The following pages contain the formal Notice of Annual Meeting and the Proxy Statement.

**Important Notice Regarding Internet Availability of Proxy Materials
For the Annual Meeting of Stockholders to be held on May 22, 2014**

You may access an electronic, searchable copy of this Proxy Statement and the Annual Report on Form 10-K for the year ended December 31, 2013 at <http://www.proxyvote.com>

This year we will seek to conserve natural resources and reduce annual meeting costs by electronically disseminating annual meeting materials as permitted under rules of the Securities and Exchange Commission. Many stockholders will receive a Notice of Internet Availability of Proxy Materials containing instructions on how to access annual meeting materials via the Internet. Stockholders can also request mailed paper copies if preferred.

The accompanying Proxy Statement provides detailed information regarding the matters to be acted upon at the Annual Meeting. In addition to the Proxy Statement, we have included a copy of our Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the year ended December 31, 2013. The Form 10-K provides information regarding our operations as well as our audited, consolidated financial statements. In accordance with Securities and Exchange Commission rules, the Proxy Statement and the Form 10-K, as well as our other proxy materials may be found at www.proxyvote.com.

Your vote is important. Please vote your shares as soon as possible, as this will ensure representation of your shares. Voting is available online or by telephone, or, if you have received a paper copy of our proxy materials, by paper proxy card. Returning the proxy card or voting by telephone or online does not deprive you of your right to attend the virtual meeting and to vote your shares during the live webcast for the matters to be acted upon at the meeting.

Sincerely,

Peter R. Buchler
Corporate Secretary

PROXY STATEMENT

FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS

We are providing this Proxy Statement, and accompanying proxy materials, to the holders of the common stock of Orion Marine Group, Inc. ("Orion" or the "Company") for use in connection with the 2014 Annual Meeting of Stockholders, and any adjournments or postponements thereof. The Annual Meeting will be held on May 22, 2014, at 10:00 a.m. Central Time at www.virtualshareholdermeeting.com/orn2014. You may access this site using the 12-digit Control Number provided with your proxy materials. The Proxy Statement, the enclosed form of proxy, and the Company's Annual Report for the year ended December 31, 2013 are first being distributed or made available to stockholders on or about April 7, 2014.

Our Board of Directors has established March 31, 2014 as the record date (the "Record Date") for determining stockholders entitled to vote at the Annual Meeting and any adjournment or postponement thereof. Only stockholders at the close of business on the record date are entitled to vote on matters presented at the Annual Meeting.

This Proxy Statement contains important information that you should consider when deciding how to vote on the matters to be brought before the Annual Meeting. Please read it and the enclosed materials carefully.

PLEASE VOTE — YOUR VOTE IS IMPORTANT

GENERAL INFORMATION

ABOUT THE COMPANY

We are a leading marine specialty contractor serving the heavy marine infrastructure market. We provide a broad range of marine construction services on, over, and under the water primarily along the Gulf Coast, the Atlantic Seaboard, the West Coast, Canada, and in the Caribbean Basin. Our principal executive offices are located at 12000 Aerospace, Suite 300, Houston, Texas 77034. Our common stock is listed for trading on the New York Stock Exchange ("NYSE") under the trading symbol ORN. At the close of business on the Record Date, 27,414,059 shares of common stock were outstanding.

ABOUT THE ANNUAL MEETING

Why did I receive a one-page "Notice of Internet Availability of Proxy Materials" in the mail rather than a full set of proxy materials?

The Securities and Exchange Commission ("SEC") rules allow companies to provide stockholders with access to proxy materials over the Internet rather than mailing the materials to stockholders. To conserve natural resources and reduce costs, we are sending a Notice of Internet Availability of Proxy Materials to many of our stockholders. The Notice provides instructions for accessing the proxy materials online or for requesting printed copies of the proxy materials. The Notice also provides instructions for requesting the delivery of the proxy materials for future Annual Meetings in printed form by mail or electronically by email.

Why did I receive these proxy materials?

The Company's Board of Directors (the "Board") is providing these proxy materials to you in connection with the 2014 Annual Meeting of Stockholders, which will take place on May 22, 2014 (the "Annual Meeting"). As a stockholder of the Company on the Record Date, you are entitled to vote your shares at the Annual Meeting.

What is the purpose of the Annual Meeting?

There are currently three proposals scheduled for consideration and vote at the Annual Meeting:

1. The re-election of one Class I director, to serve a three-year term expiring in 2017;
2. A non-binding proposal to approve the compensation of our named executive officers as disclosed in this proxy statement (the “say-on-pay” vote); and
3. The ratification of the appointment of Grant Thornton LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2014.

Could other matters be considered and voted upon at the meeting?

Our Board does not expect to bring any other matter before the Annual Meeting and is not aware of any other matter that may be presented for consideration at the meeting. In addition, pursuant to our By-laws, the time has elapsed for any stockholder to properly bring a matter before the meeting. However, if any other matter does properly come before the meeting, the proxy holders will vote the proxies at their discretion.

How many votes may stockholders cast?

Each share of common stock that was outstanding on the record date is entitled to one vote on each matter submitted to a vote at the Annual Meeting. As of the record date, there were 27,414,059 shares of common stock outstanding and entitled to vote at the Annual Meeting.

How many shares must be present to hold the Annual Meeting?

A majority of the outstanding shares of common stock entitled to vote must be present, in person (online) or represented by proxy, at the Annual Meeting in order to hold the Annual Meeting and conduct business. This is called a “quorum.” In determining whether a quorum exists, the inspector of elections includes as present shares owned by holders who abstain from voting, shares owned by stockholders who do not vote on one or more proposals, withheld votes, and broker non-votes (see *What is a “broker non-vote”?* below).

What are my voting options for each proposal? How does the Board of Directors recommend that I vote? How many votes are required to approve each proposal? How are the votes counted?

Proposal	Election of Director	Say-on-Pay (advisory)	Ratification of Selection of Auditors for 2014
Your Voting Options	You may vote “FOR” or “AGAINST” the nominee or you may “ABSTAIN” from voting.	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.
Recommendation of the Board of Directors	The Board recommends you vote “FOR” the nominee.	The Board recommends that you vote “FOR” the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement.	The Board recommends that you vote “FOR” ratification of our selection of Grant Thornton LLP as our independent registered public accounting firm for 2014.

Proposal	Election of Director	Say-on-Pay (advisory)	Ratification of Selection of Auditors for 2014
Vote Required for Approval	<u>plurality of the votes cast</u> (but see the note below on our “Majority Voting Policy in Director Elections”)	<u>affirmative vote of a majority</u> of the shares present in person or represented by proxy and entitled to vote on the proposal	<u>affirmative vote of a majority</u> of the shares present in person or represented by proxy and entitled to vote on the proposal
Effect of Abstention	no effect	will count as a vote AGAINST this proposal	will count as a vote AGAINST this proposal
Effect of Broker Non-vote	no effect	no effect	not applicable

Majority Voting Policy in Director Elections. Although our directors are elected by plurality vote, our Board has adopted a majority voting policy. Each of our current directors, including the director nominee, has delivered an irrevocable resignation letter for the Board’s consideration in the event that he does not receive more “FOR” than “AGAINST” votes in an uncontested election. We have provided more information about our majority voting policy under the heading “Proposal No. 1 — Election of Directors.”

Any Other Matters. Any other matter properly brought before the Annual Meeting will be decided by the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter, unless a different vote is required by statute, NYSE listing standards, or our certificate of incorporation or By-laws.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Many of our stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are several distinctions between shares held of record and those held beneficially.

Stockholders of Record. If your shares are registered directly in your name with the Company’s transfer agent, American Stock Transfer & Trust, you are the stockholder of record of those shares.

Beneficial Owners. If your shares are held in a bank account, brokerage account, or by another nominee, you are the beneficial owner of those shares, and your bank, broker, or nominee (your “broker”) is the stockholder of record.

How do I vote?

Stockholders of Record. If you are a stockholder of record, you may vote in any of the following ways:

- (1) online at <http://www.proxyvote.com>;
- (2) by telephone, by calling 1-800-690-6903;
- (3) if you received a paper copy of our proxy materials, by mail, by signing, dating and mailing the proxy card in the enclosed postage-paid envelope; or
- (4) during the Annual Meeting by your attendance through our link at www.virtualshareholdermeeting.com/orn2014. You must use the 12-digit Control Number provided in your proxy materials to access this site.

Beneficial Owners. If you are a beneficial owner, you should refer to the proxy card or voting instruction form you received from your broker for an explanation of the voting options that are available to you. If you wish to vote shares that you beneficially own online during the Annual Meeting, you must request, complete, and deliver a proxy from your broker.

Can my shares be voted if I do not provide voting instructions?

Stockholders of Record. If you are a stockholder of record and do not deliver a proxy or otherwise vote your shares, your shares will not be voted. However, if you execute a proxy or cast a vote (whether online, by telephone, or by proxy card) without giving instructions as to how to vote on one or more proposals, your shares will be voted in accordance with the Board's recommendations on the proposals for which you have not provided specific voting instructions.

Beneficial Owners. If you are a beneficial owner and do not provide your broker with specific voting instructions, your shares will not be voted on any proposal as to which your broker does not have discretionary authority to vote. Brokers generally only have discretionary authority to vote shares held in street name on "routine" matters but not on "non-routine" matters. The proposal to ratify the retention of the independent registered public accounting firm is considered a "routine" matter. The election of a director and the say-on-pay vote are "non-routine" matters; therefore, if you do not provide voting instructions to your broker on those proposals, your shares will not be voted on those proposals.

What is a "broker non-vote"?

A "broker non-vote" occurs when a broker holding shares for a beneficial owner submits a proxy that votes the shares on one or more proposals, but does not vote (the "broker non-vote") on "non-routine" matters with respect to which the beneficial owner has not given voting instructions. As noted above, if you are a beneficial owner and do not provide voting instructions, the only matter proposed in this proxy statement on which your broker may vote is the ratification of our selection of auditors. If you hold your shares through a broker, bank, or nominee, please follow their instruction as to how to provide them with specific voting instructions.

Can I change or revoke my vote?

Yes. You may revoke your proxy or change your vote at any time before it is voted at the Annual Meeting by (1) filing a written revocation with the Corporate Secretary at the Company's executive offices, (2) submitting online, by mail, or by phone a duly executed proxy bearing a later date, or (3) voting online during the Annual Meeting at www.virtualshareholdermeeting.com/orn2014.

Who are the proxies?

In connection with the solicitation of proxies for the Annual Meeting, the Board of Directors has appointed Peter R. Buchler, J. Michael Pearson, and Mark R. Stauffer as proxies. All properly executed proxies that specify how the stockholder wishes to vote his shares will be voted in accordance with those instructions.

Who will count the votes?

The Company has appointed Broadridge Financial Solutions, Inc. ("Broadridge") to tabulate the votes and act as the Inspector of Elections.

When will the voting results be announced?

We will announce preliminary voting results at the Annual Meeting and will publish the final results in a current report on Form 8-K filed with the SEC within four business days following the meeting, which will be available on our website at www.orionmarinegroup.com.

Who pays for the cost of the proxy solicitation?

The Company bears the expense of preparing, printing, mailing, and distributing the proxy materials. In addition to this solicitation by mail, directors, officers, and other employees of the Company may, without additional compensation, solicit the return of proxies by telephone, messenger, facsimile, or email. The Company will request that brokers and other nominee holders of common stock furnish proxy materials to their beneficial owners. The Company will reimburse such brokers and other nominees for their reasonable out-of-pocket expense in doing so.

DISCUSSION OF THE PROPOSALS
PROPOSAL NO. 1 — ELECTION OF DIRECTORS

At the Annual Meeting, stockholders will be asked to elect one director to serve on the Company's Board of Directors. Under the Company's By-Laws, the Board may determine, by resolution, the number of directors that the Company will have. The size of the Board is currently set at five persons.

The Company's Certificate of Incorporation and By-Laws provide for a classified Board of Directors, divided into three classes, with each class serving a staggered three-year term. As a result, stockholders elect approximately one-third of our Board each year. Each director holds office from the time of his election until the third annual meeting following that election. The current term of the Class I director, Thomas N. Amonett, expires at the 2014 Annual Meeting. The Board has nominated Mr. Amonett for re-election as Class I Director to serve a three-year term expiring at the 2017 annual meeting. Mr. Amonett currently serves as Chairman of our Nominating and Corporate Governance Committee.

Mr. Amonett has indicated that he is willing to serve another term as a director of the Company. However, if, prior to the Annual Meeting, Mr. Amonett should become unwilling or unable to serve, the shares represented by proxy will be voted for the election of such other person as may be designated by the Board, the Board may leave the position unfilled, or the Board may reduce the authorized number of directors, as provided in the Company's By-Laws.

Please see "The Board of Directors and its Committees" below for information about the director nominee and the other current members of the Board of Directors, each of whom will continue to serve following the Annual Meeting.

Directors are elected by plurality vote; however, our Board has adopted a majority voting policy in uncontested elections. Each of our current directors, including the director nominated for re-election at the Annual Meeting, has delivered an irrevocable resignation letter for the Board's consideration in the event that he does not receive more "FOR" than "AGAINST" votes in an uncontested election. If an incumbent director fails to receive the required vote for reelection, our Board, after considering the recommendation of its Nominating and Corporate Governance Committee and any factors it deems relevant, will determine whether to accept the resignation. The Board expects any director whose resignation is under consideration to abstain from participating in that decision.

The Board recommends that you vote "FOR" election of the director nominee.

PROPOSAL NO. 2 — ADVISORY VOTE ON EXECUTIVE COMPENSATION
("SAY-ON-PAY" PROPOSAL)

We are seeking stockholder approval of the compensation of our executive officers (our "named executive officers" or "NEOs") as disclosed in this proxy statement. This disclosure includes the Compensation Discussion and Analysis ("CD&A"), the compensation tables, and the accompanying narrative compensation disclosures. This non-binding advisory proposal, commonly known as a "say-on-pay" proposal, is required under Section 14A of the Securities Exchange Act of 1934 (the "Exchange Act"). Stockholders are asked to vote on the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the Company's proxy statement for the Company's 2014 annual meeting of stockholders pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission, is hereby APPROVED."

Our executive compensation program has historically been based on a pay-for-performance philosophy, balancing a fixed base salary with annual cash and long-term equity incentive opportunities.

However, given the challenges our Company has faced over the past few years, we suspended our annual and long-term incentive programs during 2012 and 2013. As described in greater detail in the CD&A, during those two years, our executive compensation program consisted of base salary only, at levels unchanged since January 1, 2011, and a few modest perquisites (car allowance and the Company's matching contribution to the executive's 401(k) plan account).

No bonuses have been paid to our executives since the bonuses paid in respect of 2010 and the Compensation Committee is committed to not paying any annual incentives or cash bonuses until sometime after the Company returns to profitability. While the Company was profitable in fiscal 2013, the Compensation Committee did not believe that the level of profitability merited a bonus payout to the executives.

In addition, the Compensation Committee has not made any equity grants to the executives since the 2011 multi-year challenge awards, which, for Mr. Pearson, consisted of two parts, the second of which was a stock option grant in January 2012.

As the Company's financial performance continues to improve, the Compensation Committee will evaluate that improvement, and, in keeping with its pay-for-performance philosophy, make a determination as to whether, and on what basis, to grant incentive awards (whether cash or equity) to our executives. The Compensation Committee is in the process of reinstating a formal, balanced executive compensation program, using its historical program (as described in the CD&A) as a starting point. To that end, for the first time since 2010, the Compensation Committee has established targets for fiscal 2014 under the "EIP," our historical annual cash incentive program. However, the Compensation Committee has not yet made any decisions regarding long-term equity compensation for 2014.

Because this is an advisory vote, it will not be binding on the Board and it will not directly affect or otherwise limit any existing compensation or award arrangement of any of our NEOs. However, we understand that our executive compensation practices are important to our stockholders. Our Compensation Committee will consider the outcome of this vote when considering future executive compensation arrangements.

In considering how to vote on this proposal, we encourage our stockholders to review all the relevant information in this proxy statement — our CD&A (including its executive summary), the compensation tables, and the rest of the narrative disclosures regarding our executive compensation program.

The Board recommends that you vote "FOR" approval of this say-on-pay proposal.

PROPOSAL NO. 3 — APPROVAL OF THE APPOINTMENT OF GRANT THORNTON LLP

The Audit Committee has recommended and the Board of Directors subsequently approved the appointment of Grant Thornton LLP ("Grant Thornton") as the Company's independent registered public accounting firm to perform the audit of the Company's financial statements for 2014. Grant Thornton was also the Company's independent registered public accounting firm for the year ended December 31, 2013.

The Board is asking stockholders to approve the appointment of Grant Thornton, although ratification is not required by law or by the Company's By-laws. The Board is submitting the appointment of Grant Thornton for approval as a matter of good corporate practice. Whether stockholders approve the appointment or not, the Board of Directors, in its discretion, may select an independent registered public accounting firm at any time during the year if it determines that to do so would be in the best interest of the Company and its stockholders. There is additional information about Grant Thornton under the heading "*Information About Audit Fees and Audit Services*," below.

A representative of Grant Thornton is expected to be present at the Annual Meeting and will have the opportunity to make a statement and will be available to respond to appropriate questions from stockholders.

The Board recommends that you vote "FOR" the approval of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm.

CORPORATE GOVERNANCE

We conduct our business under the direction of our Board. Members of the Board of Directors devote the time, energy, and attention as necessary to ensure diligent performance of their duties.

The Board has adopted corporate governance practices designed to aid in the Board and management in the fulfillment of their respective duties and responsibilities to our stockholders.

Corporate Governance Guidelines

Our Corporate Governance Guidelines, first adopted by the Board in 2007, work together with our certificate of incorporation, By-laws, and Board committee charters to form the framework for the governance of our company. These Guidelines set forth the practices the Board of Directors will follow with respect to making decisions regarding board composition and selection, board meetings, involvement of senior management in board meetings, Chief Executive Officer performance evaluation and succession planning, board committees and compensation matters.

Code of Ethics

The Company has adopted a code of ethics that applies to its senior accounting and financial officers, including the Chief Executive Officer and Chief Financial Officer. The Code of Ethics complies with the rules of the SEC and Rule 406 of the Sarbanes-Oxley Act of 2002. The Code of Ethics, as well as other governance documents, is available as described below under “Website Availability of Governance Documents.” Any changes in, or waivers to, the Code of Ethics for the Company’s directors, executive officers, and certain senior financial officers would be posted on the Company’s website within five business days and maintained for at least twelve months.

Website Availability of Governance Documents

You can access the Company’s certificate of incorporation, By-laws, Code of Conduct, Code of Ethics, Corporate Governance Guidelines, and Stockholder Communication Policy, as well as the Audit, Nominating and Corporate Governance, and Compensation Committee Charters on the Investor Relations section of the Company’s website at <http://www.orionmarinegroup.com>. Information contained on the Company’s website or any other website is not incorporated into this proxy statement and does not constitute a part of this proxy statement. Additionally, any stockholder who so requests may obtain a printed copy of the governance documents from the Company’s Corporate Secretary at the address indicated on the first page of this proxy statement.

Stockholder Communications with the Board

Director Independence

NYSE listing rules require a majority of our directors to be independent. In accordance with these rules, our Board has reviewed the relationships between the Company and each director and has determined that each of Messrs. Amonett, Daerr, Shanfelter, and Stoevers has no direct or indirect material relationships with the Company or any member of management, and thus each of them satisfies the NYSE’s definition of an independent director. Only Mr. Pearson, who currently serves as our Chief Executive Officer in addition to his role as director, is not independent. Each of the Board’s committees is comprised solely of independent directors.

Nomination of Directors

The Board of Directors is responsible for nominating a slate of candidates for Board membership, and acts through its Nominating and Corporate Governance Committee (“NCGC”), to review the composition of the Board, and screen and recruit potential director nominees in consultation with the Chairman of the Board and the Chief Executive Officer. Although the NCGC has not established specific minimum qualifications for a position on the Board, the Committee seeks candidates who individually demonstrate a high ethical standard, a wide range of business experience at the policy-making level, and the ability to exercise sound and mature judgment in matters that relate to the current and long-term objectives of the Company. The NCGC believes diversity of background, education, experience and social perspective, as well as independence, and the ability to represent the best interests of all stockholders, contribute to an optimal balance of Board members. The Board of Directors, upon recommendation by the NCGC, has determined that the nominee for director contributes to an active, effective and diverse Board.

Board Leadership Structure

Our Chairman of the Board is an independent director. We believe that having a chairman independent of management provides critical and independent thinking with respect to the Company’s strategy and long-term objectives. Our Chief Executive Officer serves on the Board of Directors and provides in-depth understanding of the operations of the Company and the issues, opportunities, and challenges facing the Company.

The Board’s Role in Risk Oversight

The members of our Board of Directors are actively involved in the oversight of risk that could affect the Company. This oversight is conducted primarily through committees of the Board, as discussed in the charters of each committee and descriptions, below. We have adopted enterprise risk management policies based on the Integrated Framework of the Committee of Sponsoring Organizations (“COSO”). Under these policies, the Chief Executive Officer, Chief Financial Officer, and General Counsel periodically report on the Company’s risk management policies and practices to relevant Board Committees and to the full Board. The Audit Committee provides direction on risks identified by management through its annual risk assessment related to financial reporting and internal controls and provides a central oversight role with respect to financial and compliance risks, including compliance with the Foreign Corrupt Practices Act. Our Compensation Committee considers potential risk related to the Company’s overall compensation programs and effectiveness at linking executive pay to performance and aligning the interests of our executives and stockholders. Key risks to the Company’s operations, liquidity, and strategies are considered by the full Board.

Board/Committee Primary Areas of Risk Oversight

Full Board	Risk management process, structure, and overall policies and practices for enterprise risk management; strategic risks associated with business plans, significant capital transactions, including acquisitions and divestitures; and other significant risks such as major litigation, business development risks and succession planning
Audit Committee	Major financial risk exposure; significant operational, compliance, reputational, and strategic risks
Nominating and Governance Committee	Risks and exposures related to corporate governance, effectiveness of the Board and its committees in overseeing the Company, review of director candidates, conflicts of interest and director independence
Compensation Committee	Risks related to executive recruitment, assessment, development, retention and succession policies and programs; and risks associated with compensation policies and practices, including incentive compensation

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The following sets forth certain biographical information for the nominee for election as a director at the Annual Meeting, including nominee's position with us and business experience during the past five years.

Thomas N. Amonett — Mr. Amonett has been a member of our Board and a Class I director since May 2007, and serves as the Chairman of the Nominating and Corporate Governance Committee, and as a member of the Audit Committee. He has been President, Chief Executive Officer and a director of Athlon Solutions, LLC, a manufacturer and distributor of specialty chemicals and related services primarily to the refining and petrochemical industries, since April 2013. From November 1999 to April 2013, he was President, Chief Executive Officer and a director of Champion Technologies, Inc., a manufacturer and distributor of specialty chemical and related services primarily to the oil and gas industry. Mr. Amonett has been a director and served as the chairman of the board of TODCO, a provider of contract oil and gas drilling services of Hercules Offshore, Inc., a provider of contract oil and gas drilling services and liftboat services since July 2007, where he serves as Chairman of the Nominating and Corporate Governance Committee. Mr. Amonett has been a director of Bristow Group Inc. (NYSE: BRS), a global provider of helicopter services, since 2006, where he currently serves on the Audit Committee and Executive Compensation Committee. Mr. Amonett also serves as an advisory director to Triton Corporation, a privately held company and as a director of T.F. Hudgins Incorporated, also a private company.

Mr. Amonett is qualified to serve as one of our directors, based on his considerable management, operational and financial experience in a wide range of industries. Of particular note is his service as President and Chief Executive Officer of several companies, his service as a director of other companies and his corporate governance experience and expertise. The National Association of Corporate Directors has designated Mr. Amonett a *Governance Fellow* and recently elevated his certification to *Board Leadership Fellow*.

Background of the Continuing Directors

Richard L. Daerr, Jr. — Mr. Daerr has served as non-executive Chairman of the Board and as a Class II director since May 2007, and is a member of each Board Committee. Mr. Daerr founded RK Enterprises in 1997, a firm that has assisted companies and investor groups in developing and implementing strategic plans and initiatives focused primarily on the energy, biotechnology, engineering and construction, and pharmaceuticals industries. From 1994 to 1996, Mr. Daerr served as President and Chief Executive Officer of Serv-Tech, Inc., an industrial services company that was listed on the NASDAQ. Mr. Daerr worked for CRSS, Inc. from 1979 to 1992 where he served as General Counsel and Chief Administrative Officer and as the President and Chief Operating Officer from 1990 to 1992. Prior its acquisition, CRSS, Inc. was a NYSE listed company and one of the largest engineering, architectural and construction management companies in the U.S. as well as one of the largest independent power producers in the U.S. CRSS owned a controlling interest in NATEC, Inc., a NASDAQ listed environmental services company of which Mr. Daerr was a director. Mr. Daerr has served on the boards of several private and public companies, including TIMEC Company, Inc., a refinery turnaround maintenance company, from 2002 to 2007, where he served as Chairman of an

Independent Committee and served on the Audit Committee. Since 2003, Mr. Daerr has served as a director and on the Audit Committee of DISA, Inc., an industrial drug testing and background checking company. From 1976 to 1979, Mr. Daerr was Associate Counsel with Dresser Industries, Inc., an industrial equipment and materials supply company. From 1972 to 1976, he was a trial attorney with the antitrust division of the United States Department of Justice. In March 2011, Mr. Daerr began serving as a director of Entact, Inc., a performer of field remediation, environmental and construction services, and serves on its Audit Committee.

Mr. Daerr brings a vast amount of diverse experience to our Board, as he has served on numerous boards of public, private and not-for-profit companies, as well as serving as a committee member within those boards. Mr. Daerr has been a consultant to various companies in the areas of strategic planning, acquisitions, divestitures and capital market transactions. As a former attorney with the Department of Justice and as counsel to other businesses in the private sector, Mr. Daerr has dealt with many of the laws and regulatory issues that affect public companies today. The National Association of Corporate Directors has designated Mr. Daerr a *Governance Fellow*.

Austin J. Shanfelter — Mr. Shanfelter has been a member of our Board and a Class III director since May 2007, and has served as Chairman of our Compensation Committee since May 2007 and as a member of the Nominating and Governance Committee since May 2010. He served until December 18, 2008, as a member of the Board of Directors of MasTec, Inc. (NYSE: MTZ), a publicly traded specialty contractor, and as a special consultant. Mr. Shanfelter served as Chief Executive Officer and President of MasTec from August 2001 until March 2007. From February 2000 until August 2001, Mr. Shanfelter was MasTec's Chief Operating Officer. Prior to being named Chief Operating Officer, he served as President of one of their service offerings from January 1997. Mr. Shanfelter has been in the telecommunications infrastructure industry since 1981. Mr. Shanfelter has been a member of the Society of Cable Television Engineers since 1982 and the National Cable Television Association since 1991. Mr. Shanfelter has served as President of the Power and Communications Contractors Association ("PCCA"). Since April 2009, Mr. Shanfelter is a member of the Board of Directors of Patriot Risk Insurance Co., a privately held WC insurance company, and as Chairman of Global HR Research LLC. As of August 2012, Mr. Shanfelter began serving as a member of the Board of Directors of Sabre Industries, a leading manufacturer of power delivery structures.

Mr. Shanfelter's achievements as an executive and director of MasTec, Inc., his many years of service as its Chief Executive Officer and President, and prior to this, its Chief Operating Officer, as well as his service on the board of other diverse entities, provide us with industry insight and perspective and qualify him to serve as one of our directors. The National Association of Corporate Directors has designated Mr. Shanfelter a *Governance Fellow*.

Gene Stoever — Mr. Stoever has been a member of our Board and a Class III director since May 2007, has served as chairman of our Audit Committee since May 2007, and as a member of the Compensation Committee since May 2010. He was an audit partner with KPMG LLP for 24 years until his retirement in 1993. During his approximately 30-year tenure with KPMG, he served domestic and multinational clients engaged in the manufacturing, construction, refining, oil and gas, real estate and banking industries, as well as serving as SEC Reviewing Partner responsible for advising and reviewing client filings with the SEC. Mr. Stoever currently serves as chairman of the audit committee and previously as a member of the nominating and corporate governance committee of the Board of Directors of Evolution Petroleum Corp. (AMEX: EPM) and previously served on the Boards, and as chairman of the audit committees of Propex Inc. and several other companies. Mr. Stoever is a Certified Public Accountant in Texas (currently inactive license holder).

Mr. Stoever is well qualified to serve on our Board, based on his extensive experience in public accounting, his service on other boards, and his service as Chairman of our Audit Committee since 2007, coupled with his knowledge of financial reporting, SEC accounting rules and regulations, and generally accepted accounting principles and auditing standards. Mr. Stoever qualifies as an "audit committee financial expert" pursuant to SEC rules. The National Association of Corporate Directors has designated Mr. Stoever a *Governance Fellow*.

J. Michael Pearson — Mr. Pearson has served as our President and Chief Executive Officer since 2006 and as a Class II director since May 2007. Currently, Mr. Pearson serves as Chief Executive Officer until his planned retirement date of January 2015, when he will change from a management to non-management Director of the Company. Mr. Pearson joined us as Chief Operating Officer in March 2006 from Global Industries, Inc. (NASDAQ: GLBL), an offshore marine construction company, where he served as Chief Operating Officer from May 2002 to November 2005 and Senior Vice President, Strategic Planning from February 2002 to May 2002. Prior to joining Global Industries, Inc., Mr. Pearson served as a General Manager for Enron Engineering and Construction Co. from 2000 to 2001. Prior to that position, Mr. Pearson served as Executive Vice President for Transoceanic Shipping Co. in 1999 and President and Chief Executive Officer for International Industrial Services, Inc. from 1997 to 1999. From 1973 to 1997, Mr. Pearson served in various management capacities at McDermott International, Inc. (NYSE: MDR), including as Vice President and General Manager. Mr. Pearson is a registered Professional Engineer in Louisiana, Idaho and Texas. Mr. Pearson currently serves as Past President and Life Director of the Board of Directors of Louisiana Tech University's Engineering & Science Foundation ("ESF"), a corporation which supports the activities and programs for the Dean of the college of Engineering & Science at the University.

Mr. Pearson brings extensive industry knowledge to our Board of Directors and provides critical management insight regarding the challenges and opportunities facing the Company. He has over 40 years' management, operational and strategic experience in global marine construction related fields. He is also actively involved in numerous industry associations. His engineering experience is also of significant value as a Board Member. The National Association of Corporate Directors has designated Mr. Pearson a *Governance Fellow* and recently elevated his certification to *Board Leadership Fellow*.

Meetings of the Board of Directors

Directors are expected to attend all meetings of the Board and each committee on which they serve, and the Board encourages all its members to attend each Annual Meeting of Stockholders.

The Board of Directors held five meetings during 2013. All directors attended 100% of all meetings of the Board of Directors and all directors attended the 2013 Annual Meeting of Stockholders.

Non-management directors meet in executive session on a regular basis, generally at the end of a regularly-scheduled Board meeting. The Chairman of the Board presides over the executive session. In addition, the Audit Committee has adopted a practice of reserving time at each meeting to meet without members of Company management present. The Compensation Committee has adopted a similar practice.

Committees of the Board

The Board has three standing committees; the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. These committees are comprised exclusively of independent directors as defined by the listing standards of the New York Stock Exchange. Each committee is governed by a written charter approved by the Board of Directors. A copy of each charter is available on the Company's website at <http://www.orionmarinegroup.com>.

The current membership of each Committee and other descriptive information is summarized below.

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Thomas Amonett	X	—	Chair
Richard L. Daerr	X	X	X
Austin Shanfelter	—	Chair	X
Gene Stoevers	Chair	X	—

The Audit Committee assists the Board in overseeing our accounting and financial reporting processes and the audits of our financial statements. Pursuant to its charter, the Audit Committee has the following responsibilities, among others:

- to select the independent auditor to audit our annual financial statements;
- to approve the overall scope of and oversee the annual audit and any non-audit services;
- to assist management in monitoring the integrity of our financial statements, the independent auditor's qualifications and independence, the performance of the independent auditor and our internal audit function, and our compliance with legal and regulatory requirements;
- to discuss the annual audited financial statements and unaudited quarterly financial statements with management and the independent auditor;
- to discuss policies with respect to risk assessment and risk management; and
- to review with the independent auditor any audit problems or difficulties and management's responses.

Messrs. Stoever (Chairman), Amonett, and Daerr are currently members of the Audit Committee, and the Board has determined each to be independent under NYSE listing standards and applicable SEC rules. In addition, Mr. Stoever meets the relevant standards as a financial expert as defined by SEC rules. During 2013, the Audit Committee met four times. A report by the Audit Committee is presented elsewhere in this proxy statement.

The Compensation Committee supports the Board in fulfilling its oversight responsibilities relating to senior management and director compensation. Pursuant to its charter, the Compensation Committee has the following responsibilities, among others:

- to develop an overall executive compensation philosophy, strategy and framework consistent with corporate objectives and stockholder interests;
- to review, approve and recommend all actions relating to compensation, promotion and employment-related arrangements for senior management, including severance arrangements;
- to approve incentive and bonus plans applicable to senior management and administer awards under incentive compensation and equity-based plans;
- to review and recommend major changes to and take administrative actions associated with any other forms of non-salary compensation; and
- to review and approve or recommend to the entire Board for its approval, any transaction in our equity securities between us and any of our officers or directors subject to Section 16 of the Exchange Act.

Messrs. Shanfelter (Chairman), Daerr, and Stoever are currently members of the Compensation Committee, and the Board has determined each to be independent under the listing standards of the NYSE, both for directors generally and compensation committee members specifically. In addition, each is a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act and an "outside director" as defined in the regulations promulgated under Internal Revenue Code 162(m). The Compensation Committee met four times during 2013. A report by the Compensation Committee is presented elsewhere in this proxy statement.

Compensation Committee Interlocks and Insider Participation. During the last fiscal year, Austin Shanfelter, Richard L. Daerr, and Gene Stoever served on our Compensation Committee. No Compensation Committee member served as an officer or employee of our Company or any of our subsidiaries prior to or while serving on the Compensation Committee. None of our executive officers served during the last fiscal year on the board of directors or on the compensation committee of another entity, when one of that entity's executive officers served on our Board of Directors or on our Compensation Committee.

The Nominating and Corporate Governance Committee recommends director candidates to the Board, oversees the evaluation of Board and Committee members, develops and monitors corporate governance principles, practices and guidelines for the Board and the Company. Pursuant to its charter, the Nominating and Corporate Governance Committee has the following responsibilities, among others:

- to identify individuals qualified to become Board members and to recommend that the Board select the director nominees for election at annual meetings of stockholders or for appointment to fill vacancies;
- to recommend to the Board director nominees for each committee of the Board;
- to advise the Board about appropriate composition of the Board and its committees;
- to advise the Board about, develop and recommend to the Board appropriate corporate governance practices, principles and guidelines, and to assist the Board in implementing those practices;
- to lead the Board in its annual review of the performance of the Board and its committees; and
- to perform such other functions as the Board may assign to the committee from time to time

Messrs. Amonett (Chairman), Daerr and Shanfelter are currently members of this committee, and the Board has determined each to be independent as defined in the applicable rules of the NYSE and the SEC. The Nominating and Governance Committee met three times during 2013.

If a stockholder wishes to recommend a nominee for director for the 2015 Annual Meeting of Company Stockholders, written notice should be sent to the Corporate Secretary in accordance with instructions set forth below and later in this Proxy Statement under the caption "Submission of Stockholder Proposals for 2015 Annual Meeting". Any stockholder notice of intention to nominate a director shall include:

- The name and address of the stockholder;
- A representation that the stockholder is entitled to vote at the meeting at which directors will be elected;
- The number of shares of the Company that are beneficially owned by the stockholder;
- A representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- The following information with respect to the person nominated by the stockholder:
 - Name and address;
 - A complete resume or statement of the candidate's qualifications, including education, work experience, industry knowledge, membership on other boards of directors and civic activity;
 - A description of any arrangements and understandings between the stockholder and the nominee and any other persons pursuant to which the nomination is made;
 - The consent of each such nominee to serve as a director if elected; and
 - Such other information as required to be included in a proxy statement, including information with respect to a candidate's independence as defined under the rules and regulations of the SEC and the NYSE.

The Nominating and Corporate Governance Committee seeks to achieve a Board composed of individuals who have experience relevant to the needs of the Company and who have a high level of professional and personal ethics. In addition, prospective directors must have time available to devote to Board activities. The Nominating and Corporate Governance Committee uses a variety of methods and multiple sources to identify and evaluate nominees for directors, including referrals from other directors and management, recommendations by stockholders, and third party professional search firms.

The Company did not receive any stockholder nominations for director to be considered by the Nominating and Corporate Governance Committee for the Annual Meeting and, pursuant to our By-laws, the time has elapsed for any stockholder to properly nominate a candidate for director for consideration at this year's Annual Meeting.

Annual Performance Evaluations

Annually, the Board and its committees conduct self-performance evaluations and review each committee charter. Also annually, the Corporate Governance Guidelines are reviewed and reassessed for adequacy.

DIRECTOR COMPENSATION

The following table describes the compensation earned by persons who served as non-employee directors during 2013. Mr. Pearson, who is an employee of the Company, received no additional compensation for his service on the Board.

Name	Fees Earned or Paid in Cash ⁽¹⁾	Stock Compensation ⁽²⁾	Total
Thomas N. Amonett	\$ 60,500	\$ 70,000	\$ 130,500
Richard L. Daerr, Jr.	\$ 106,000	\$ 70,000	\$ 176,000
Austin J. Shanfelter	\$ 64,500	\$ 70,000	\$ 134,500
Gene Stoever	\$ 64,500	\$ 70,000	\$ 134,500

- (1) Amounts in this column represent retainers, meeting fees and chairmanship fees as further described below.
- (2) As part of their annual compensation package in 2013, the non-employee directors each received a restricted stock grant with a grant date fair value of \$70,000, based on the mean price of the Company's stock on the date of grant. These awards were granted on November 21, 2013, at which time the price was \$11.28. The restricted stock vests over a six-month time period and thus will vest in full on May 21, 2014.

The Compensation Committee of the Board of Directors retained Pearl Meyer & Partners, an independent consulting firm, to assist in determining the components and amounts of director compensation for 2013, based on comparisons of board compensation in similarly-situated companies.

Non-employee directors were compensated in 2013 and will be compensated in 2014 based on the following fee structures:

	2013	2014
Annual retainer	\$ 45,000	\$ 50,000
Board Chairman additional annual retainer	\$ 40,000	\$ 70,000
Audit Committee Chairman additional annual retainer	\$ 12,500	\$ 15,000
Compensation Committee Chairman additional annual retainer	\$ 12,500	\$ 15,000
Nominating and Corporate Governance Chairman additional annual retainer	\$ 8,500	\$ 10,000
Committee members additional annual retainer	\$ 7,000	\$ 7,000

All retainers are paid quarterly in arrears. The Company also reimburses non-employee directors for reasonable travel and lodging expenses incurred in attending Board and committee meetings.

EXECUTIVE OFFICERS OF THE COMPANY

The following table sets forth the executive officers of the Company serving as of the date of this Proxy Statement. All executive officers are appointed by, and serve at the pleasure of, the Board. There is no family relationship between or among any of the Company's directors and executive officers.

(1) Includes grants of stock for which vesting restrictions have not lapsed, however, the recipient retains voting rights.

(2) Includes shares that may be acquired within 60 days of March 31, 2014 by exercising vested stock options but does not include any stock options that remain unvested on that date.

(3) Calculated based on 27,414,059 common shares outstanding on the record date. For each individual, this percentage is determined by assuming the named stockholder exercises all options which the stockholder has the right to acquire within 60 days of March 31, 2014, but that no other person exercises any options.

Section 16(a) Beneficial Ownership Reporting Compliance Section 16(a) of the Exchange Act requires the Company's officers and directors and persons who own more than 10% of the Company's equity securities, or insiders, to file with the SEC reports of beneficial ownership of those securities and certain changes in beneficial ownership on Forms 3, 4 and 5 and to furnish the Company with copies of those reports.

Based solely on a review of the copies of these reports furnished to the Company and representations that no other reports were required during the year ended December 31, 2013, we believe that our executive officers and directors have complied in a timely manner with all Section 16(a) filing requirements except for one transaction for each of Messrs. Amonett, Daerr, Shanfelter and Stoevers (for each, his November 21, 2013 director equity grant was not reported on a Form-4 until December 3, 2013).

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section, we discuss and analyze the compensation of our Chief Executive Officer, Chief Financial Officer, and our two other executive officers (our “named executive officers” or “NEOs”) for the 2013 fiscal year. The discussion that follows focuses on the philosophy and objectives of the Company’s compensation program, the goals that the program is designed to reward, the determination of the formulas to measure performance and award levels, and the components of executive compensation. For additional information regarding compensation of our named executive officers, see the compensation tables and accompanying narrative disclosure under “Executive Compensation.”

For fiscal 2012 and 2013, given an unfavorable business environment, the considerable challenges faced by our Company, and our focus on returning to profitability, the Compensation Committee pared back our executive compensation program to base salary only, at levels unchanged since early 2011. Both of our executive incentive programs (our Executive Incentive Plan (“EIP”), under which annual bonuses have historically been paid, and our long-term equity incentive grants of stock options and restricted stock) were suspended during these years. No bonuses were paid to executives for fiscal 2011, 2012, or 2013, nor have any equity incentive awards been granted since January 2012 (a grant of options to our Chief Executive Officer, which was the second half of his fiscal 2011 challenge grant).

Although our executive compensation was suspended during 2013, the Committee continues to subscribe to an executive compensation philosophy that:

- (1) Places the **majority of executive pay at risk** (based on performance and/or continued employment requirements); and
- (2) Ties **executive pay to long-term growth in stockholder value** through a combination of performance-based annual cash incentives and long-term equity incentives (stock options and restricted stock).

Given the suspension of our incentive programs, the Committee did not set targets under the EIP for fiscal 2011, 2012, or 2013, as the Committee believed that the Company performance necessary to achieve profitability was not within any reasonably forecasted range. Although the Company was profitable in 2013, the Committee did not believe that the level of profitability achieved merited a bonus payout. Consequently, as in the two previous years, the Company did not pay any bonuses to our NEOs for 2013 performance, although the Committee has set targets under the EIP for fiscal 2014.

Stockholder-friendly characteristics of our program:

- Under our historical executive compensation program, the **majority of executive pay is at risk** and directly tied to annual financial performance or growth in long-term stockholder value; however, given the recent unfavorable business environment:
 - **no equity grants have been made since the 2011 challenge grants** (the second half of which was granted to our CEO in January 2012)
 - **our EIP was suspended for fiscal 2011, 2012, and 2013**, and no annual bonuses were paid during this period, in part due to a commitment by the Committee not to pay bonuses until the Company returned to profitability
- **Clear alignment of CEO realized pay with company performance**
- Executive and director **stock ownership guidelines**
- **Prohibition on the hedging of Company stock**
- **Prohibition on repricing of stock option awards**
- Our executive officers receive **no supplemental benefits or perquisites not available to other employees in the organization**
- **No tax gross-ups**

- **No single-trigger vesting of equity awards** in a change-of-control
- Unvested equity awards lapse upon termination of employment occurring outside of change-of-control context

It is the opinion of the independent directors who make up our Compensation Committee, based upon their extensive experience as directors, executives, and auditors of companies in the heavy construction and related industries, that this type of executive compensation program has been appropriate for our Company. We believe our program has been an important factor in our success by helping us to attract and retain a high-caliber executive team and ensuring that there is a strong link between executive pay outcomes and company performance, as measured primarily by profitable growth and creation of stockholder value. Certain components of our program have been temporarily suspended over the past two years, and the Committee believes this action was appropriate given the recent unfavorable business environment as it impacted the Company's recent financial and operating performance. **However, the Committee intends to reevaluate our incentive programs during 2014 as we have begun our return to profitability. As part of this reevaluation, the Committee has decided to re-establish performance targets under our EIP for 2014, as discussed in greater detail below.**

Key Compensation-related Highlights for 2013

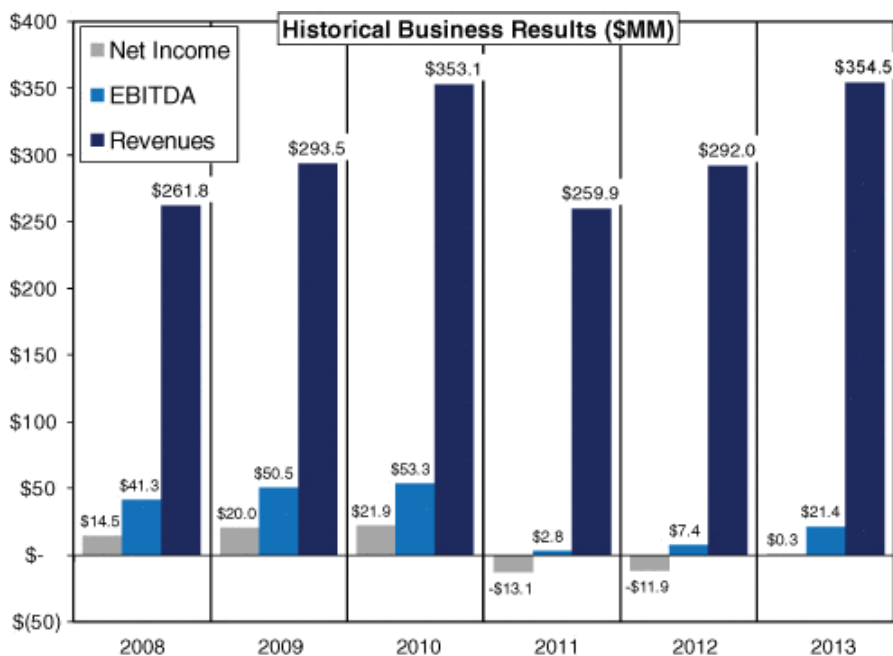

- **No pay raises** were given to members of executive management during 2013;
- **Our EIP was suspended during 2013, and no bonuses of any kind were earned or paid** for FY 2013 performance;
- Actual total cash compensation (salary plus bonus earned) was at the 15th percentile of the market;
- Actual total direct compensation (including annualized value of equity awards received in 2011) for our executive officers was at the 44th percentile of the market; and
- **No new equity awards were granted.**

Key Business Developments During 2013

We are a leading marine specialty contractor serving the heavy marine infrastructure market. We provide a broad range of marine construction services, such as dredging, repair and maintenance, and other specialty services, with operations on, over, and under the water, primarily along the Gulf Coast, the Atlantic Seaboard, the West Coast, Alaska, Canada, and in the Caribbean Basin. We act as a single-source, turnkey solution for our customers' marine contracting needs. Our customers include federal, state, and local governmental agencies, as well as private commercial and industrial enterprises. Most projects are competitively bid, with the award going to the lowest qualified bidder. For more information about our business, please see "Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our annual report on Form 10-K for the fiscal year ended December 31, 2013.

The past three fiscal years have been challenging ones for our Company. After several years of sustained growth in revenues and profit, our Company faced a much more difficult operating environment beginning in 2011. As a result of this change in our operating environment, we implemented a plan that included an emphasis on pricing discipline, which focused on increasing backlog rather than risk maintaining contract pricing and losing market share, all while further enhancing cost controls. During 2012, our plan started to achieve results, as we saw sequential growth in our quarterly Gross Margin and Net Income results throughout the year with positive Net Income for the fourth quarter of 2012. During 2013, we continued this positive momentum, achieving profitability for the full fiscal year.

During 2013 We Continued our Positive Momentum — Returning to Profitability and Achieving Record Revenues

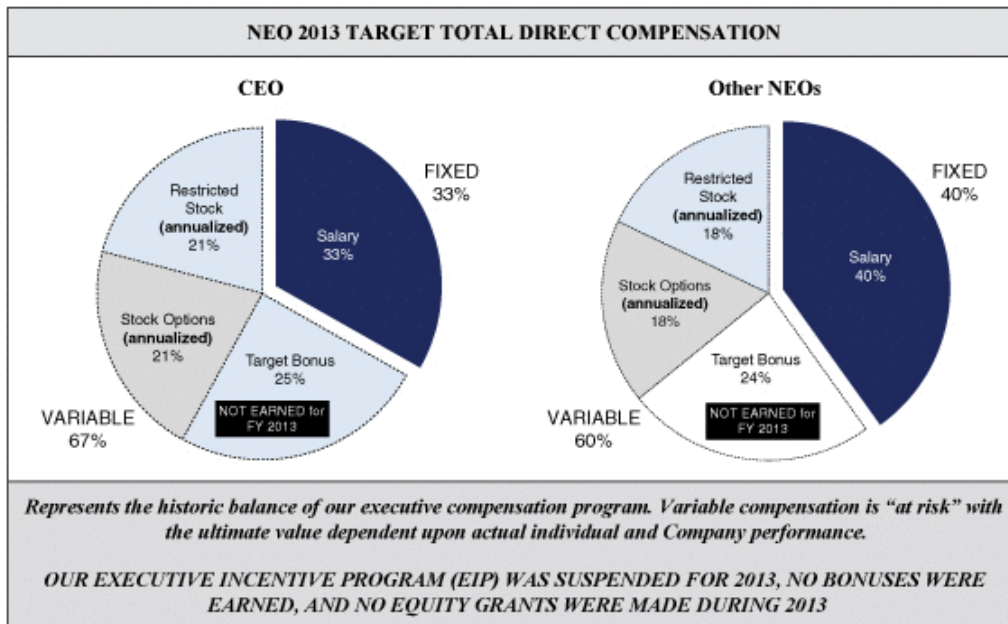

While we continued to face challenges in our market, primarily driven by inconsistent and uncertain pricing and Federal lettings, the following key market conditions improved our outlook towards returning to sustained profitability:

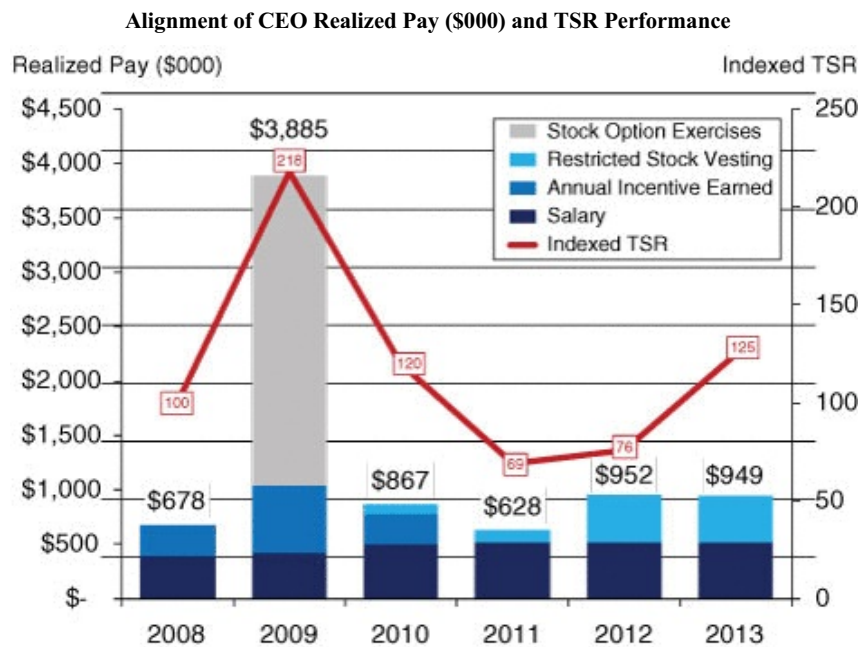

- Private infrastructure investment increased leading to multiple bid opportunities;
- We expanded our operating area into Alaska; and
- Aggressive pricing pressure on the Company has stabilized.

Pay and Performance Alignment

Under our historical executive compensation program, 67% of CEO target total direct compensation and 60% of target total direct compensation for our other named executive officers is variable — with actual realized value dependent upon achievement of profitable annual financial results (**Annual Cash Incentives**) and long-term growth in stockholder value (**Long-term Equity Incentives**). As noted previously, neither of the latter were earned or awarded in fiscal 2013.

The chart below provides demonstrates alignment between changes in Orion's total stockholder returns and our CEO's total realized compensation.

Advisory Vote on Executive Compensation and Stockholder Outreach

At our 2013 annual meeting of stockholders, we received 20,140,726 votes in favor of our executive compensation program, 2,842,528 votes in opposition, and 4,710 abstentions for total support of 88%. The Committee values stockholders' input on the design of our executive compensation program and interpreted the 2013 vote result as strong stockholder support for the Company's scaled-back approach to executive compensation during a difficult period. The Committee did not make any changes to our program for 2013, and our incentive plans continue to be suspended.

Our Compensation Committee continues to view time-vested stock options as a performance-based long-term incentive because these awards only have value for recipients to the extent that our stock price appreciates after the date of grant. However, during shareholder outreach efforts following our 2012 vote, several stockholders expressed interest in seeing greater use of performance-vested equity awards for our NEOs. Since our long-term incentive program remains suspended, no equity awards of any kind were granted to our executives during 2013. When the Compensation Committee decides new equity grants are appropriate, the Committee will consider alternatives to our historical approach to performance-based equity awards.

HISTORICAL COMPENSATION PROGRAM OVERVIEW

Orion Marine Group is one of the leaders in the marine construction industry because it has an array of highly experienced people, strength in resources, and the geographic reach to provide customers a full suite of turn-key marine construction solutions that meet even the most challenging needs. Maintaining this leading posture, and ensuring we are positioned for future success requires we be able to attract, retain, and engage the talent necessary to grow the company, to ensure the quality and sustainability of that growth, and to produce positive long-term returns for our stockholders. We designed our historical executive compensation program to provide an externally competitive and internally equitable total rewards package that reflects individual and company performance, job complexity, and strategic value of the position while ensuring long-term retention and motivation. Although our incentive programs were suspended during 2013, we believe that a discussion of our historical compensation program is valuable to our stockholders as it will form the basis for how we expect that we will compensate our executives as we begin our return to profitability.

We designed our historical executive compensation program to provide an externally competitive and internally equitable total rewards package that reflects individual and company performance, job complexity, and strategic value of the position while ensuring long-term retention and motivation.

Each of our named executive officers is especially knowledgeable about our business and our industry and thus particularly valuable to the Company and our stockholders. Position and level of responsibility are important factors in the compensation of any Orion Marine Group employee, including our named executive officers. Salary, annual incentive opportunity, and the number of options and restricted shares awarded are all closely tied to management level and responsibilities.

Our philosophy has been to closely align the compensation paid to our executives with the performance of the company on both a short-term and long-term basis, and to set performance goals that support the company's long-term goals of:

- Remaining a leading heavy civil marine contractor in the United States; and
- Maintaining growth in revenue and profitability such that over any given 5 year period, on average, we have continued to grow the Company.

Over the near-term, in support of these goals, we are also focused on:

- Returning to an acceptable level of profitability;
- Expansion of our business ; and
- Seeking out diversified but complementary business lines.

Because of our emphasis on pay-for-performance, our historical executive compensation has been heavily weighted toward incentive (variable) compensation (as shown below), and is directly tied to achieving positive results in all the areas listed above.

Taking into account the fact that we did not make any salary increases during 2012 or 2013, no bonuses were earned (under the EIP or otherwise) in 2011, 2012 or 2013, and that equity grants made during 2011 and early 2012 were intended to cover equity incentive compensation until 2014, **our annualized targeted mix of pay for 2013 (presented in the Introduction section) was substantially the same as that provided during 2012.**

Objectives and Design-Related Features of our Historical Compensation Program

We designed our historical executive compensation program to further Orion's mission of producing superior financial returns for our stockholders by pursuing the following objectives:

Objective	How Pursued	
	Generally	Specifically
Retain and attract highly qualified and effective executive officers.	Pay competitively.	Use statistics developed from a review of compensation survey data and publicly-disclosed peer company pay data as a reference point to help establish competitive pay opportunities.
Motivate executive officers to contribute to our future success and to build long-term stockholder value	Link a significant part of compensation to Orion's financial and stock price performance, especially long-term performance.	Weight executive compensation program in favor of incentive compensation — balancing rewards for driving sustained profitability on an annual basis with equity-based compensation elements in the form of stock options and restricted stock.*
Further align executive officer and stockholder interests	Encourage and facilitate significant ownership of Orion stock by executives.	Make annual equity-based grants, with a significant portion in the form of restricted shares — promoting an ownership culture. Enhance alignment and ownership focus through share ownership guidelines.*

* As discussed previously, our incentive programs (EIP and long-term equity awards) were suspended as we work toward returning the Company to profitability. While the Committee has established targets under our EIP for fiscal 2014, the Committee has not yet made any decisions regarding our long-term equity incentive program.

OBJECTIVE 1 — ATTRACT & RETAIN

As noted, the industry-specific experience of our people is a key reason for Orion Marine Group's leading posture in the marine construction industry. This reputation for excellence in management and leadership make our people attractive targets for other companies. To prevent loss of our managerial talent, we seek to provide an overall compensation program that competes well against other marine construction companies as well as companies in related industries. Each element of compensation is intended to help fulfill this commitment to competitiveness. We further support the goal of retention by attaching vesting restrictions (described later) to awards of long-term equity incentives. Retention has been a particularly important goal for us, given the challenging conditions our Company currently faces. We need to retain and motivate those employees who are in the best position to keep the Company on course as it returns to profitability.

Market Data: Because retention is imperative, we consider external survey data and data from peer group compensation disclosures as important market reference points around which to make well-informed compensation decisions. While we do not consider market data to be a prescription, in our historical program,

we generally target the median of the market for pay opportunities, with the potential (through annual cash incentives and long-term equity incentives) for executives to earn more or less than the market median depending upon performance.

While we do not consider market data to be a prescription, in our historical program, we generally target the median of the market for pay opportunities, with the potential (through annual cash incentives and long-term equity incentives) for executives to earn more or less than the market median depending upon performance.

The Committee periodically reviews the appropriateness of our pay posture in light of Company and individual performance, as well as other factors specific to individual executives (such as tenure, internal equity concerns, etc.).

For fiscal year 2013 NEO salary decisions, the Committee considered market data provided by Pearl Meyer & Partners (“PM&P”), the Committee’s independent advisor. The consulting firm provided compensation data that reflected compensation for a peer group of 16 publicly traded engineering & construction firms. While Orion has very few direct “peers” in the market, the companies in this group were identified in consultation with Pearl Meyer as potential competitors for talent with businesses of similar financial size and scope. Each year, the Committee reviews the peer group in order to determine whether the companies in the group remain appropriate for comparison to Orion.

A summary of the companies included in the 2013 peer group compensation review is provided below. *These are the same peer companies used in PM&P’s 2012 review.*

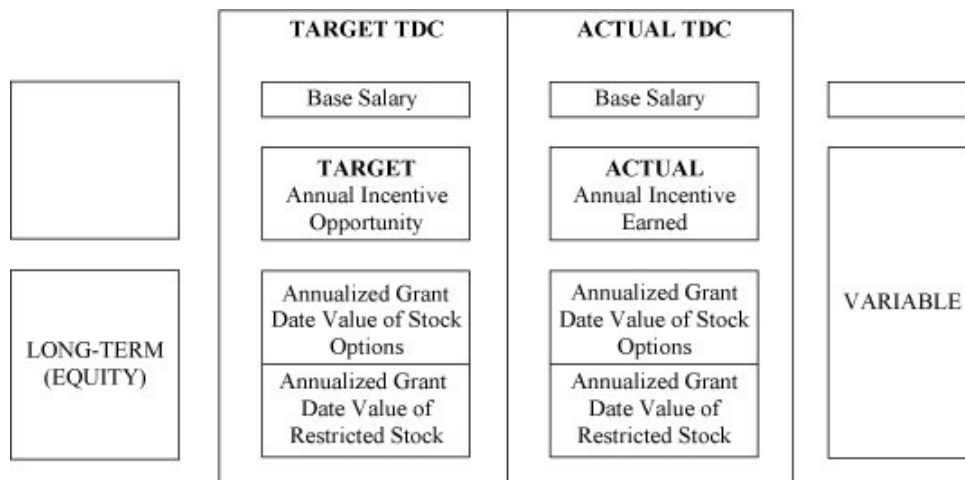

Ticker	Company Name	Industry Focus
AGX	Argan Inc	Construction & Engineering
BKR	Baker (Michael) Corp	Construction & Engineering
ENG	Englobal Corp	Oil & Gas Equipment & Services
FRM	Furmanite Corp	Construction & Engineering
GV	GOLDFIELD CORP	Construction & Engineering
GLDD	Great Lakes Dredge & Dock Cp	Construction & Engineering
GIFI	Gulf Island Fabrication Inc	Oil & Gas Equipment & Services
HIL	Hill International Inc	Research & Consulting Services
IESC	Integrated Electrical Svcs	Construction & Engineering
MTRX	Matrix Service Co	Oil & Gas Equipment & Services
NWPX	Northwest Pipe Co	Construction & Engineering
PIKE	Pike Electric Corp	Construction & Engineering
STRL	Sterling Construction Co Inc	Construction & Engineering
TISI	Team Inc	Environmental & Facilities Services
UNTK	Unitek Global Services Inc	Construction & Engineering
VSEC	VSE Corp	Research & Consulting Services

None of the companies in the peer group had more than 2.5 *times* our 2013 revenues, and we fell just above the median market cap of the group for 2013. As in past years, the Committee will review and revise this group as appropriate in 2014.

To supplement the peer group data (which were collected from proxy compensation disclosures), Pearl Meyer also provided compensation statistics from a review of compensation survey data. Data reflected compensation rates across a broad group of general industry companies with revenues of between \$100 million and \$500 million. Using a robust survey sample in combination with peer group data (along with the practice of reviewing market quartiles as opposed to averages) mitigates the impact of outliers, year-over-year volatility of compensation levels, and the risk of selection bias.

When we evaluate the elements of compensation of our executive officers in light of the referenced market data, we consider both target and actual total direct compensation (TDC) under our historical program, defined as shown below.

Defining Total Direct Compensation (TDC) under our Historical Program

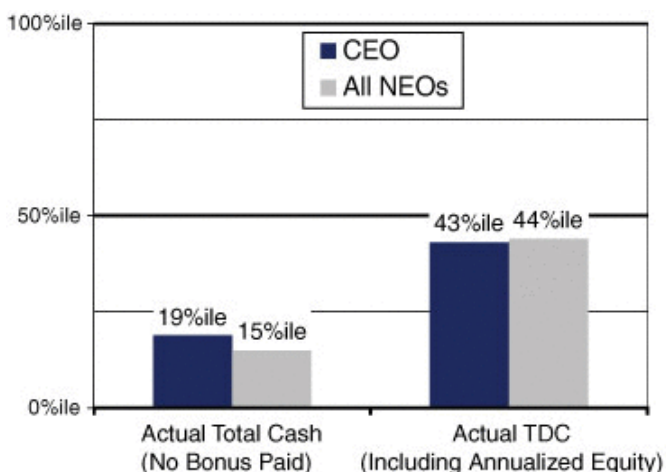

Other Elements of Compensation: Other elements of compensation of named executive officers (such as perquisites and retirement benefits) are not included in our TDC formula or our formal benchmarking, because they are not included in the compensation survey sources utilized. These other elements of compensation, however, are reviewed and approved by the Compensation Committee.

We do provide our executives car allowances, a benefit we feel meets a legitimate business need and is competitively appropriate. Orion does not own any interest in or lease any aircraft, nor does it pay or reimburse country club memberships, nor provide a SERP program or any other supplemental benefits or perquisites to our executives that are not generally available to other employees in the organization.

Competitiveness: the following chart illustrates for each named executive officer the relationship between his fiscal 2013 officer TDC (both target and actual and market reference point, showing the approximate percentile of the marketplace for each (incorporating a blend of peer group and survey data). As shown:

- **Actual total cash compensation for 2013** (representing base salary, as no bonus was earned for the year) **was at the 15th percentile of the market.**
- **Actual total direct compensation for 2013** (base salary plus the annualized value of 2011 equity awards) **was at the 44th percentile of the market.**

Competitiveness of NEO 2013 Compensation

NEO Compensation for 2013 came in below the target — or market median — level, largely as a result of the fact that (as for FY 2011 and FY 2012) no bonus was paid for FY 2013 performance.

Actual TDC numbers include annualized value of 2011 equity incentive awards (a portion of which, for our CEO, was granted in January 2012).

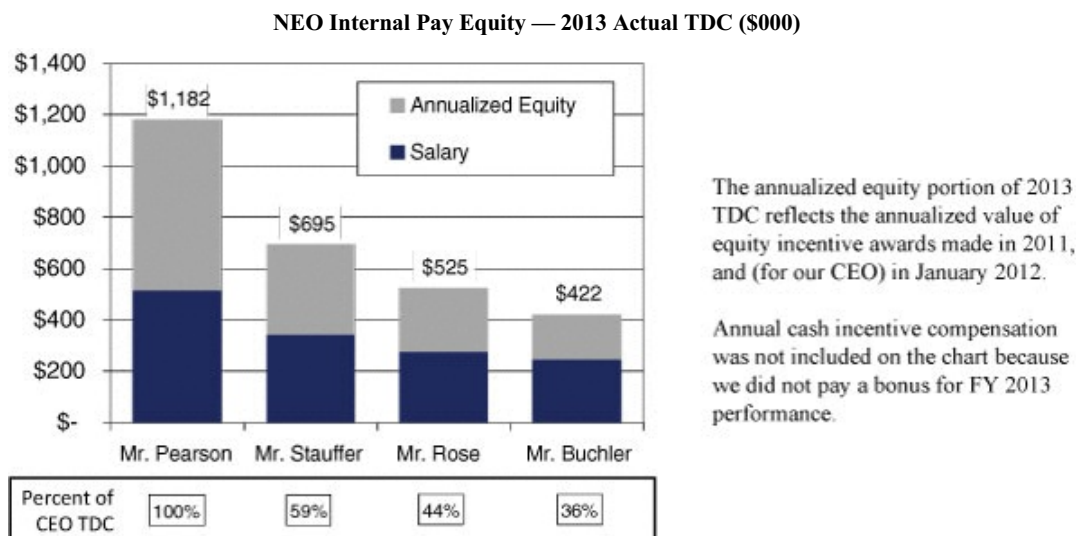

Various factors affect the relationship between target TDC and our market reference, including: specific retention concerns; the important role of tenure and job responsibilities; the year-over-year volatility of market data; the degree of accuracy in matching our executives with those of our peer groups; and differences in the perceived strategic value of a position among the companies in the survey group. **No single position in the referenced surveys or within our peer group fully captures the breadth of the responsibilities of certain of our executive officers.**

While we may evaluate our target executive compensation levels against the survey group of companies, we do not compare our annual incentive compensation plan goals against these companies or any other group of companies. Rather, as discussed below, when we set goals under the EIP, those goals have been based upon our internal business objectives — which, when set each year, represent aggressive but (what the Committee expects to be) reasonably achievable goals. Accordingly, the relationship between our financial performance and the financial performance of the survey companies does not necessarily affect the relationship between our executive compensation and the executive compensation of that group in a given year.

Internal Pay Equity

In making pay decisions throughout the organization, the Committee considers internal pay equity. The Committee believes it is important that executive (and employee) compensation not only be externally competitive and consistent, but internally consistent as well. Commitment to both internal and external consistency supports our goals of employee retention and motivation to achieve performance goals that will help to drive the success of the entire organization and to drive growth in stockholder value.

The Committee does not rely on a targeted ratio for individual NEOs in relation to each other or in relation to the CEO — but rather considers internal pay equity in combination with a variety of other factors. We will continue to monitor internal pay equity among the NEO group, and will in future consider how compensation for that group compares to employees in the rest of the Company. The charts below provide a summary of how each of the NEOs' annualized TDC compares to that for Mr. Pearson.

OBJECTIVE 2 — PAY FOR PERFORMANCE

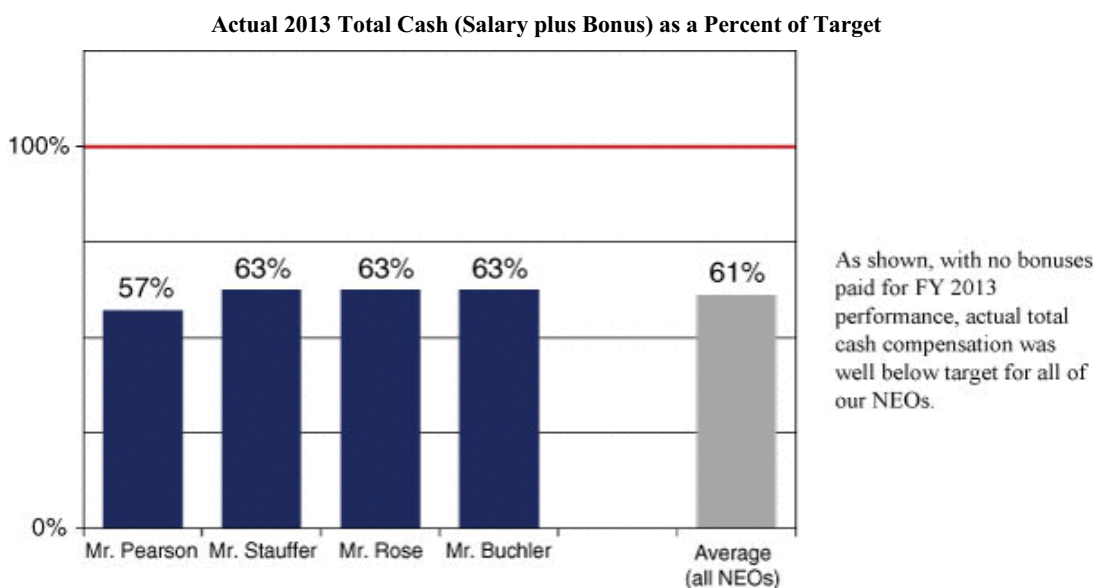

Our historical executive compensation program is intended not only to retain and attract highly qualified and effective managers, but also to motivate them to contribute in a meaningful way to Orion's future (both near-term and long-term) success and to appropriately reward them for doing so. Accordingly, we believe that there should be a strong relationship between pay and corporate performance (both financial results and stock price), and the design of our historical executive compensation program reflects this belief, with 60 – 67% of each NEO's target total direct compensation intended to be delivered in the form of annual incentive plan payments from our EIP, stock options and restricted stock.

- **Annual Cash Incentives:** EIP payouts are tied to meeting aggressive goals for consolidated net cash flow (NCF). For fiscal 2010, the named executive officers received only partial payouts from the annual incentive plan in which each participated. **During fiscal 2011, fiscal 2012, and fiscal 2013, our EIP was suspended, and no payouts were made for performance during those years.** However, the Committee has set EIP targets for fiscal 2014.
- **Long-Term Incentives:** The Committee has historically made annual grants of options and restricted stock. However, in late 2011 (and for the CEO, in early 2012), the Committee made a significant multi-year “challenge” grant of options and restricted stock meant to cover three years’ worth of equity awards (discussed in greater detail below). Given the size and purpose of that grant, the Committee has not make any additional equity grants to any of our executives since those grants.
 - **Stock Options:** the exercise price of stock options granted under our equity incentive plans is equal to the fair market value of our common stock on the date of grant, so the options will yield value to the executive only if the stock price appreciates.
 - **Restricted Stock:** awards of restricted stock, while not subject to achievement of specific performance objectives, directly tie executives to stockholder fortunes from the date of grant-and facilitate long-term stock ownership.

We believe that sustained annual profitability and long-term growth in stockholder value are the most important measured of our success. Accordingly, our historical executive compensation program balanced short-term and long-term at-risk pay components, but we emphasized incentives that were dependent upon long-term corporate performance and stock price appreciation. These long-term incentives include equity awards (stock options and restricted stock), which, in a typical year, would comprise a significant portion of an executive officer’s total compensation. When granted, these incentives are designed to motivate and reward our executive officers for achieving long-term corporate financial performance goals and maximizing long-term stockholder value.

Actual compensation paid out in a given year may vary (sometimes significantly) from targeted levels because compensation earned under the EIP program is variable and commensurate with the level of achievement of annual performance goals. As designed, superior company performance results would yield superior payouts to our executives under the terms of these programs. Conversely, if we were to fall short of our business objectives, payments under these variable programs would decrease correspondingly. However, as noted previously, the Committee suspended the EIP during fiscal 2011, 2012, and 2013, with no bonuses earned for any of those performance years.

As shown by the chart below, 2013 Actual Total Cash Compensation fell well below targeted levels on average.

OBJECTIVE 3 — ALIGN MANAGEMENT & STOCKHOLDER INTERESTS

Under our historical program, we typically award stock options and restricted stock to create and maintain a long-term economic stake in the company for the officers, thereby aligning their interests with the interests of our stockholders.

- **Stock options** provide a meaningful performance-based incentive to grow stockholder value. Regardless of the grant date expected value of a stock option award, our executives only realize value on those awards to the extent that the stock price (and stockholder value) increases following the date of grant.
- **Restricted shares** are primarily intended to encourage long-term ownership of stock, while also providing an incentive with a value tied directly to our stock price. We believe our historical program functions as intended to encourage executives to build toward a meaningful level of long-term stock ownership.

Beginning in 2011, to further enhance our focus on stockholder alignment, we adopted stock ownership guidelines for our NEOs and our directors. The required ownership levels are expressed as a multiple of salary (for NEOs) or a multiple of the annual Board retainer (for directors), as summarized in the table below.

Covered Position	STOCK OWNERSHIP REQUIREMENTS	
	Ownership Requirement (minimum value)	
CEO	3.0x salary	
CFO	2.0x salary	
Other NEOs	1.5x salary	
Directors	3.0x annual retainer	

Shares that may be counted toward the satisfaction of these guidelines include shares held outright, through benefit plans or in trust, unvested restricted shares, and in-the-money value of unexercised stock options. Directors and officers have five years from the date first subject to these guidelines to comply with the minimum ownership requirement.

ROLE OF THE COMPENSATION COMMITTEE

Our Board of Directors is responsible for the compensation of our executive management. The purpose of the Board's Compensation Committee, which is composed solely of independent directors, is to help discharge this responsibility by, among other things:

- Reviewing and discussing with management the factors underlying our compensation policies and decisions, including overall compensation objectives;
- Reviewing and discussing with management the relationship between the company's compensation policies and practices, including the extent to which those policies and practices create risks for the company;
- Reviewing and approving all company goals and objectives (both financial and non-financial) relevant to the compensation of the Chief Executive Officer;
- Evaluating, together with the other independent directors, the performance of the Chief Executive Officer in light of these goals and objectives and the quality and effectiveness of his leadership;
- Recommending to the Board for approval by the independent directors each element of the compensation of the Chief Executive Officer;
- Reviewing the performance evaluations of all other members of executive management (the Chief Executive Officer is responsible for the performance evaluations of the non-CEO executive officers);

- Reviewing and approving (and, if applicable, recommending to the Board for approval) each element of compensation, as well as the terms and conditions of employment, of these other members of executive management; and
- Granting all awards under our equity compensation plans and overseeing the administration of all such plans.

ROLE OF THE COMMITTEE'S CONSULTANT

In furtherance of the Compensation Committee's responsibility, the Committee engaged Pearl Meyer & Partners (the "consultant") to assist the Committee in evaluating Orion Marine Group's executive compensation during fiscal 2013. In connection with this engagement, Pearl Meyer reported directly and exclusively to the Committee. During fiscal 2013, Pearl Meyer provided the Committee competitive marketplace compensation data, as well as updates on trends and issues in executive compensation, and commented on the competitiveness and reasonableness of Orion's executive compensation program.

The Committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. In making this determination, the Committee noted that during fiscal 2013:

- PM&P did not provide any services to the Company or management other than services requested by or with the approval of the Committee, and its services were limited to executive compensation consulting. Specifically, Pearl Meyer does not provide, directly or indirectly through affiliates, any non-executive compensation services, including pension consulting or human resource outsourcing;
- Fees we paid to PM&P were less than 1% of PM&P's total revenue;
- PM&P maintains a conflicts policy, which was provided to the Committee with specific policies and procedures designed to ensure independence;
- None of the PM&P consultants working on the Company matter had any business or personal relationship with Committee members;
- None of the PM&P consultants working on Company matters (or any consultants at PM&P) had any business or personal relationship with any executive officer of the Company; and
- None of the PM&P consultants working on Company matters directly own Company stock.

The Committee continues to monitor the independence of its compensation consultant on a periodic basis.

ROLE OF MANAGEMENT

The Chief Executive Officer, who attends a part of certain Compensation Committee meetings at the Committee's request, assists the Committee in determining the compensation of all other executive officers besides his own position. Input provided by our CEO includes:

- Recommending any annual merit increases to the base salaries of the other NEOs; and
- Establishing annual individual performance objectives for the other executive officers and evaluating their performance against such objectives, subject to Committee approval.

The other executive officers do not have a role in determining their own compensation, other than discussing their annual individual performance objectives and results achieved with the Chief Executive Officer.

COMPENSATION ELEMENTS AND FISCAL YEAR 2013 AMOUNTS

As discussed previously, given our focus on returning to profitability, our incentive plans were suspended during fiscal 2011, 2012, and 2013 and, during 2013, out of our three core compensation components (salary, annual incentive, and equity awards), our executives only received salary, at levels unchanged since early 2011. As we begin our return to profitability, our Committee expects to use our historical compensation program (including the EIP and annual equity grants) as a starting point for its consideration of how best to

compensate and motivate our executives based on a pay-for-performance model going forward. To that end, the Committee has established targets under our EIP for 2014, but has not yet made any decision regarding long-term equity incentive awards.

Base Salary

Our primary objective with respect to the base salary levels of our executive officers is to provide sufficient fixed cash income to retain and attract these experienced and valuable executives in a competitive market for executive talent. The base salaries of our executive officers are reviewed and adjusted (if appropriate) annually to reflect, among other things, economic conditions, base salaries for comparable positions from a review of market data discussed previously, the tenure of the officers, and the base salaries of the officers relative to one another.

Our named executive officers received no salary increase during 2013. Decisions regarding individual salary levels have historically been based upon a review of multiple criteria (as noted above).

Name	FY 2012 Salary	FY 2013 Salary	% Increase over 2012
Mr. Pearson	\$ 515,000	\$ 515,000	0%
Mr. Stauffer	346,125	346,125	0%
Mr. Rose	275,000	275,000	0%
Mr. Buchler	247,200	247,200	0%
AVERAGE			0%

Annual Cash Incentives

Annual cash incentive opportunities for our named executive officers have been traditionally provided through our EIP. However, as discussed previously, our EIP was suspended from 2011 – 2013; the Committee did not set targets under the EIP for performance in fiscal 2013. The Committee committed in early 2012 to not pay any annual bonuses until the Company returns to profitability. Although we were profitable for fiscal 2013, the Committee did not feel the level of profitability achieved merited a bonus payout. However, as the Company's financial performance has begun to improve, the Committee did set EIP targets for fiscal 2014.

Under the terms of the EIP, payments are allocated to individual participants from a bonus pool, the size of which is determined by the overall financial performance of the Company. Individual allocation is determined based on a combination of individual target award size, as well as in evaluation of achievement relative to individual goals that are intended to encourage each of our officers to help the Company accomplish its stated objectives.

Primary Funding Measure

The primary pool funding measure for the EIP is consolidated corporate “Net Cash Flow” (or “NCF”), defined as:

- Earnings Before Interest, Taxes, Depreciation and Amortization (“EBITDA”)**, prior to any bonus computation, less
- Net capital expenditures** for the performance period.

Historically, EBITDA has been a key financial performance measure for Orion because it allows our management team and other reviewers of our financial statements (such as investors and analysts) to assess the financial performance of our assets without regard to financing methods, capital structure, or historical cost. We subtract our net capital expenditures from the NCF computation because we regard investment in our core assets to be a vital component of our operations, and feel it should be accounted for in order to appropriately measure management performance on an annual basis.

Plan Administration

The EIP is administered by the Compensation Committee, who delegates some authority over non-NEO participants to Mr. Pearson and Mr. Stauffer. Achievement of goals by non-NEO participants is also determined by Messrs. Pearson and Stauffer, in consultation with other executives.

The table below provides a summary of individual incentive award opportunities that would have been available for each of our named executive officers for FY 2013 had the Committee set targets.

Officer Name	Target Award Opportunity (% of salary)	Maximum Award Opportunity (% of salary)	Fiscal Year 2013		
			Target Award Opportunity (\$)	Maximum Award Opportunity (\$)	Actual Award Earned (\$)
Mr. Pearson	75%	200%	386,250	1,030,000	0
Mr. Stauffer	60%	200%	207,675	692,250	0
Mr. Rose	60%	200%	165,000	550,000	0
Mr. Buchler	60%	200%	148,320	494,400	0

Target incentive allocation opportunities from the EIP are established based on an evaluation of a combination of factors, including relative level of responsibility, tenure, potential to impact the bottom line, and market competitiveness.

Our EIP has historically been funded based upon our performance against a net cash flow (NCF) goal for the year. However, the Company has also committed to pay no bonuses under the plan until we return to profitability. **Consequently, for fiscal 2013, no targets were set, and no bonuses were funded under the EIP.** The table and diagrams below provide a summary of the funding mechanism under the plan for a year (such as fiscal 2014) in which the Committee uses the plan.

Long-Term Equity Incentives

Under our historical program, our primary objective in providing long-term equity incentives to executive officers has been to further align their interests with those of our stockholders by:

- **Facilitating significant ownership of Orion stock by named officers** (primarily through grants of RESTRICTED STOCK); and
- **Tying a significant portion of rewards for our named executive officers to the generation of long-term stockholder value** (primarily through grants of at-the-money STOCK OPTIONS, which are only valuable to the extent that the company's stock price appreciates after the date of grant).

Frequency and Duration

We have historically granted stock options and restricted stock to executive officers on an annual basis with awards vesting over a three year period. However, in late 2011 and early 2012 we granted our named executive officers awards of stock options and restricted stock that were larger than a normal annual grant. These awards, which vest over a period of five (5) years, were intended to provide an enhanced performance incentive to drive a return to profitability and growth in stockholder value in the face of particularly challenging marketing conditions. **Consequently, no new grants have been made since those challenge awards.**

Determining Award Values

An officer's position and level of responsibility are the primary factors that determine the number of options and shares of restricted stock awarded to the officer in the annual grant, and these numbers can vary from year to year. In determining how many options and shares of restricted stock should be awarded at each level, the Compensation Committee may consider:

- Marketplace target TDC levels, as provided to the Committee by their independent consultant;
- The total number of shares available to be granted in our equity incentive plan;
- Impact of awards on stockholder dilution.

Consideration for Special Awards

Even though no special grants were made to any named executive officers during 2013, the Committee has from time to time, made special equity award grants to other newly hired employees. Factors that the Compensation Committee may consider with respect to special grants outside of the annual grant framework include the promotion of an officer or the desire to retain a valued executive or recognize a particular officer's outstanding contributions. None of these factors is given any particular weight and the specific factors used may vary among individual executives.

Timing and Pricing

The Company does not backdate options or grant options retroactively. In addition, we do not intentionally coordinate grants of options so that they are made before announcement of favorable information, or after announcement of unfavorable information. Our option grants are granted at fair market value on a fixed date or event, with all required approvals obtained in advance of or on the actual grant date. Fair market value is the mean of the high and low sales prices of a share of the Company's common stock on the grant date, as reported on the composite tape of the NYSE. All grants to executive officers require the approval of the Compensation Committee.

2011 Multi-year "Challenge" Awards

In August of 2011, the named executive officers were granted stock option and restricted stock awards. All NEOs, other than our CEO, received a mix of 50% stock options and 50% restricted stock by value. Our CEO only received half of his intended award in August in the form of restricted shares. Following careful deliberation by the Compensation Committee regarding the structure of his remaining award, the Committee determined that the best approach would be to remain consistent with historical practice and with the approach utilized for the rest of the NEO team. Therefore, the Committee granted the rest of the CEO's award in January 2012 in the form of stock options. Including the January 2012 stock option grant to our CEO, the total grants to our NEOs that were attributable to the fiscal 2011 year were as follows:

Name	August 2011		January 2012
	Number of Stock Options	Number of Shares of Restricted Stock	Number of Stock Options
Mr. Pearson	—	166,667	248,000
Mr. Stauffer	130,273	87,500	—
Mr. Rose	93,052	62,500	—
Mr. Buchler	65,136	43,750	—

The multi-year awards granted in 2011 and early 2012 were intended to be roughly equivalent to 3x a "normal" annual award, with no new awards to be made until 2014 at the earliest. **As shown previously, the annualized value of these awards produces total direct compensation for our executive officers at the 44th percentile of the market.** However, consistent with our pay philosophy, these grants provide the opportunity for our executive officers to achieve a realized value for these awards that could be well above the market median, *assuming we are successful in achieving meaningful growth in stockholder value.*

Subject to their terms, the stock option and restricted stock awards referenced in the table vest 20% on the first anniversary of the grant date and one-sixtieth of the shares thereafter upon completion of each full month following the first year anniversary. Option awards expire on the tenth anniversary of the grant date.

Benefits

Executive officers are eligible to participate in our benefit programs as described below. We provide most of our executives with car allowances, a benefit we feel meets a legitimate business need and is competitively appropriate. Orion does not own any interest in or lease any aircraft, nor does it pay or reimburse country club memberships, or provide a SERP program or any other supplemental benefits or perquisites to our executives that are not generally available to other employees in the organization. The Compensation Committee reviews the overall cost to us of our benefit programs generally on an annual basis or when changes are proposed. The Compensation Committee believes that the benefits provided by these programs have been important factors in attracting and retaining key employees, including the named executive officers.

Orion does not own any interest in or lease any aircraft, nor does it pay or reimburse country club memberships, or provide a SERP program or any other supplemental benefits or perquisites to our executives that are not generally available to other employees in the organization.

Each named executive officer is eligible to participate in our 401(k) plan. The plan provides that we match 100% on the first 2% of eligible compensation contributed to the plan, and 50% on the next 2% of eligible compensation contributed to the plan. These matching contributions vest over a four-year period. At our discretion, we may make additional matching and profit sharing contributions to the plan.

Each named executive officer is also eligible to participate in all other benefit plans and programs that are or in the future may be available to our other executive employees, including any profit-sharing plan, thrift plan, health insurance or health care plan, disability insurance, pension plan, supplemental retirement plan, vacation and sick leave plan, and other similar plans. In addition, each executive officer is eligible for certain other benefits, including reimbursement of business and entertainment expenses, car allowances, and life insurance. The Compensation Committee in its discretion may revise, amend or add to the officer's executive benefits and perquisites as it deems advisable.

Post-Employment Compensation

We have employment agreements with our named executive officers, which entitle them to certain severance benefits in the case of a qualifying termination. Severance payments following a change-in-control are subject to a double-trigger, and we do not provide excise tax gross-up payments.

- **Absent a change-in-control:** in the event of a resignation for "good reason" (as defined in the agreements) or a termination without cause, each of our officers is entitled to one year of his base salary.
- **Following a change-in-control:** in the event a resignation for "good reason" (as defined in the agreements) or a termination without cause following a change-in-control, each of our officers is entitled to receive their respective base salary for two to three years (varying by position level). **We do not provide any tax gross-ups.**
- **Treatment of unvested equity:** executive officers may exercise vested stock options following termination, but upon termination all unvested equity awards lapse according to the terms of our long-term incentive plan.

*Severance payments following a change-in-control are subject to a double-trigger, and **we do not provide any tax gross-up payments.***

The Company provides these contractual severance benefits in order to help support retention of valuable executive talent, and to ensure that executives remain focused on the best interests of stockholders — particularly in the context of any potential transaction. The Compensation Committee believes that the severance benefits agreed to in the case of these termination events are reasonable in light of the potential value delivered to stockholders in return. See "Executive Compensation — Potential Payments Upon Termination or Change in Control" below.

Risks Arising from Compensation Policies and Practices

Management has conducted an in-depth risk assessment of Orion's compensation policies and practices and concluded that that they do not create risks that are reasonably likely to have a material adverse effect on the company. The Compensation Committee has reviewed and concurred with management's conclusion. The risk assessment process included, among other things, a review of (i) all key incentive compensation plans to ensure that they are aligned with our pay-for-performance philosophy and include performance metrics that meet and support corporate goals, and (ii) the overall compensation mix to ensure an appropriate balance between fixed and variable pay components and between short-term and long-term incentives. The objective of the process was to identify any compensation plans and practices that may encourage employees to take unnecessary risk that could threaten the company. No such plans or practices were identified.

Insider Trading and Speculation in Orion Stock

We have established policies prohibiting our officers, directors, and employees from purchasing or selling Orion securities while in possession of material, nonpublic information, or otherwise using such information for their personal benefit or in any manner that would violate applicable laws and regulations. In addition, our policies prohibit our officers, directors, and employees from speculating in our stock, which includes short selling (profiting if the market price of our stock decreases), buying or selling publicly traded options (including writing covered calls), hedging, or any other type of derivative arrangement that has a similar economic effect.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the Company's income tax deduction for compensation paid to the Chief Executive Officer and the next three most highly-compensated executive officers (other than the Chief Financial Officer) to \$1 million per year, unless the compensation is "qualified performance-based compensation" or qualifies under certain other exceptions.

Options granted under our equity incentive plans are structured to qualify as "performance-based compensation" and will be excluded in calculating the \$1 million limit under Section 162(m). Our Committee does not have a policy that all compensation must be deductible, as the Committee believes that it is important to retain flexibility to design compensation programs that recognize a full range of criteria that contribute our success, even where compensation payable under the programs may not be fully deductible. However, our Committee intends to monitor compensation levels and the deduction limitation.

Grants of Plan Based Awards

No plan-based awards were granted to any of the Company's Named Executive Officers during fiscal 2013.

Narrative Discussion of Amounts in Summary Compensation Table and Grants of Plan Based Awards Table Employment Agreements

Employment Agreements with Certain Officers. We have employment agreement with each of our Chief Executive Officer, our Chief Financial Officer, our other named executive officers and certain other key employees, which were put into effect in December 2009. Each employment agreement provides for a base salary, a discretionary bonus, and participation in our benefit plans and programs.

Annualized base salaries in 2013 for each of our named executive officers were as follows: J. Michael Pearson — \$515,000; Mark R. Stauffer — \$346,125; James L. Rose — \$275,000; and Peter R. Buchler — \$247,200. Under the employment agreements, the officers are entitled to severance benefits in the event of a resignation for good reason or a termination without cause of the officer's base salary continued for a period of one year if such resignation or termination is not in connection with a change of control.

The employment agreements also provide for certain change of control benefits. The officers are entitled to severance benefits of the officer's base salary continued for a period of two to three years in the event of a resignation for good reason or a termination without cause that is related to a change of control at any time three months prior to or within twelve months after a change of control. Such period is two years for Messrs. Rose and Buchler, and three years for Messrs. Pearson and Stauffer. The amount of such severance payments will be reduced to an amount such that the aggregate payments and benefits to be provided to the officer do not constitute a "parachute payment" subject to a Federal excise tax.

The agreements also include confidentiality provisions without a time limit and non-competition provisions which apply during the periods specified in the employment agreements.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table provides information regarding options or warrants authorized for issuance under our equity compensation plans as of December 31, 2013:

Plan category	Column A	Column B	Column C
	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in Column A)

Equity compensation plans not approved by stockholders	—	—	—
Total	2,072,759	\$ 9.49	1,593,267

The weighted average term of outstanding options, warrants and rights as of December 31, 2013 was 5.76 years.

Potential Payments upon Termination or Change in Control

Overview

This section describes the benefits payable to our named executive officers in two circumstances:

- Change in control
- Termination of employment

For this purpose the term “change in control” or “during a protection period” generally means the occurrence of any of the following events:

(a) A “change in the ownership of the Company” which will occur on the date that any one person, or more than one person acting as a group, acquires ownership of our stock that, together with stock held by such person or group, constitutes more than 50% of the total fair market value or total voting power of our stock; however the following acquisitions will not constitute a change in control: (i) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by us or any entity controlled by us or (ii) any acquisition by investors (immediately prior to such acquisition) of us for financing purposes, as determined by the Compensation Committee in its sole discretion.

(b) A “change in the effective control of the Company” which will occur on the date that either (i) any one person, or more than one person acting as a group, acquires ownership of our stock possessing 35% or more of the total voting power of our stock, excluding (y) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by us or (z) any acquisition by investors (immediately prior to such acquisition) of us for financing purposes, as determined by the Compensation Committee in its sole discretion or (ii) a majority of the members of the Board are replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election.

(c) A “change in the ownership of a substantial portion of the Company’s assets” which occurs on the date that any one person, or more than one person acting as a group, acquires our assets that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of our assets immediately prior to such acquisition.

The employment agreements also provide for termination of employment unrelated to a change in control (as defined above) if the executive is terminated without cause (as defined below) or he voluntarily terminates his employment for good reason (as defined below).

The term “cause” means: (a) a material breach by the executive of the noncompetition and confidentiality provisions of the employment agreement; (b) the commission of a criminal act by the executive against us, including, but not limited to, fraud, embezzlement or theft; (c) the conviction, plea of no contest or *nolo contendere*, deferred adjudication or unadjudicated probation for any felony or any crime involving moral turpitude; or (d) the executive’s failure or refusal to carry out, or comply with, any lawful directive of our Board of Directors consistent with the terms of the employment agreement which is not remedied within 30 days after receipt of notice from us.

The term “good reason” means: (a) a substantial reduction of the executive’s base salary without his consent; (b) a substantial reduction of his duties (without his consent) from those in effect as of the effective date of the employment agreement or as subsequently agreed to by the executive and us; or (c) the relocation of the executive’s primary work site to a location greater than 50 miles from the current work site as of the effective date of the employment agreement.

The benefits payable to each named executive officer in each circumstance are contained in the provisions of that executive’s respective employment agreement, which were entered into in December 2009. These benefits ensure that the executive is motivated primarily by the needs of the Company as a whole, and not by circumstances that are outside the ordinary course of business. In general, the executive is assured that he will receive a continued level of compensation if his employment is adversely affected by the termination of employment or a change in control of the Company.

Payment of these benefits is conditional upon the Company’s receipt of appropriate waivers and a release from all claims against the Company.

Summary of payments

The table below summarizes the benefits payable to each named executive in the various termination scenarios. No benefits are payable if an executive voluntarily terminates employment without good reason or employment is terminated by us for cause.

In all cases, the executive has the right to exercise vested stock options. Equity awards for which vesting has not occurred lapse according to the provisions of the LTIP.

The tables below assume that the terminations took place on December 31, 2013.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board reviews related party transactions. Related party transactions are Company transactions that involve the Company's directors, executive officers, director nominees, 5% or more beneficial owners of the Company's Common Stock, immediate family members of these persons (which shall include a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and persons sharing the same household of the foregoing persons), or entities in which one of these persons has a direct or indirect material interest. A related party transaction means any transaction, or series of similar transactions (and any amendments, modifications or changes thereto), in which the amount exceeds \$120,000. A related party transaction does not include compensatory arrangements with the Board or executive officers or certain other transactions. Pursuant to the Company's Code of Business Conduct and Ethics, employees and directors have a duty to report any potential conflicts of interest to the appropriate level of management or to the Board of Directors. The Company evaluates these reports along with responses to the Company's annual director and officer questionnaires for any indication of possible related party transactions. If a transaction is deemed by the Company to be a related party transaction, the information regarding the transaction is forwarded to the Audit Committee for review and approval. The Board has delegated the authority to review and approve all related party transactions to its Audit Committee. For fiscal 2013, there were no related party transactions.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference in any other filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee of the Company's Board of Directors consists of three non-employee directors, each of whom the Board has determined (i) meets the independence criteria specified by the SEC and the requirements of NYSE listing standards and (ii) at least one member meets certain standards as a financial expert. Mr. Stoever, Chairman of the Committee, meets the relevant standards as a financial expert.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls for financial reporting. The Audit Committee is responsible for the oversight of the Company's financial reporting process on behalf of the Board of Directors. In fulfillment of its responsibilities, the Audit Committee has discussed with the Company's independent auditors their plan for the audit of the Company's annual consolidated financial statements and the independent auditors' evaluation of the effectiveness of the Company's internal control over financial reporting, as well as reviews of the Company's quarterly financial statements. The Committee met regularly with the independent auditors, with and without management present, to discuss the results of their audits and reviews, as well as their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's accounting principles. has reviewed and discussed with management and the Company's independent registered public accounting firm the Company's audited consolidated financial statements and such matters. In addition, the Audit Committee has received from the Company's independent registered public accounting firm the written disclosures required by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board ("PCAOB"), and the letter from the independent auditors required by the PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, regarding the independent auditors' communications with the Committee concerning independence. The Committee has also discussed with the independent auditors the auditors' independence from the Company and its management. In determining that the auditors are independent, the Committee also considered whether the provision of any of the non-audit services described below under "Fees of the Independent Auditors" is compatible with maintaining their independence.

In reliance on the reviews and discussions above, the Audit Committee recommended to the Board, and the Board approved, the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC.

Respectfully submitted by the members of the Audit Committee

Gene Stoever, *Chairman*
Richard L. Daerr, Jr.
Thomas N. Amonett

Audit Fees

The following table sets forth the aggregate fees Grant Thornton LLP billed to the Company for the years ended December 31, 2013 and 2012.

	2013	Percent Approved by Audit Committee	2012	Percent Approved by Audit Committee
Audit fees ⁽¹⁾	\$ 624,628	100%	\$ 554,217	100%

Total fees	\$ 624,628	100%	\$ 554,217	100%

- (1) Includes professional services for the audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements, services normally provided by the Company's independent registered public accounting firm in connection with statutory and regulatory filings or engagements that only the independent registered public accounting firm can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance and review of documents filed with the SEC.
- (2) Includes fees associated with assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, including, if applicable, fees related to assistance in financial due diligence related to mergers and acquisitions and consultation regarding generally accepted accounting principles.
- (3) The Company retains another accounting firm to provide tax return preparation services.

Audit and Non-Audit Service Approval Policy. In accordance with the requirements of the Sarbanes-Oxley Act of 2002 and the related rules and regulations, the Audit Committee has adopted procedures for the pre-approval of audit and permissible non-audit services provided by the independent registered public accounting firm.

Audit Services. The Audit Committee annually approves specified audit services engagement terms and fees and other specified audit fees. All other audit services must be specifically pre-approved by the Audit Committee. The Audit Committee monitors the audit services engagement and may approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope or other items.

Audit-Related Services. Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, which historically have been provided by our independent registered public accounting firm, and are consistent with the SEC's rules on auditor independence. The Audit Committee annually approves specified audit-related services within established fee levels. All other audit-related services must be pre-approved by the Audit Committee.

Tax Fees. The Company retains an independent registered public accounting firm other than Grant Thornton LLP to provide tax services.

All Other Services. Other services, if any, are services provided by our independent registered public accounting firm that do not fall within the established audit, audit-related and tax services categories. The Audit Committee may pre-approve specified other services that do not fall within any of the specified prohibited categories of services.

Procedures for Approval of Services. All requests for services that are to be provided by our independent registered public accounting firm, which must include a detailed description of the services to be rendered and the amount of corresponding fees, are submitted to both the President and the Chairman of the Audit Committee. The Chief Financial Officer authorizes services that have been approved by the Audit Committee within the pre-set limits. If there is any question as to whether a proposed service fits within an approved service, the Chairman of the Audit Committee is consulted for a determination. The Chief Financial Officer submits to the Audit Committee any requests for services that have not already been approved by the

Audit Committee. The request must include an affirmation by the Chief Financial Officer and the independent registered public accounting firm that the request is consistent with the SEC and PCAOB rules on auditor independence.

OTHER BUSINESS

Management does not intend to bring any business before the meeting other than the matters referred to in the accompanying notice. If, however, any other matters properly come before the meeting, it is intended that the persons named in the accompanying proxy will vote pursuant to discretionary authority granted in the proxy in accordance with their best judgment on such matters. The discretionary authority includes matters that the Board does not know are to be presented at the meeting by others.

Annual Report
